## Assault Pursuit 11

This large-volume boat is rated for up to 22 passengers and boasts exceptional sea-keeping abilities. With military-grade Hypalon 1100 Dtex tubes, a custom fibreglass hardtop and toughened glass windscreen, the Pursuit 11 will handle anything you throw at her. The open wheelhouse creates an easy flow between helm and cockpit. Forward bow seating, pilot and co-pilot bolster seats, rear facing seats plus an optional rear bench seat, ensure there's plenty of space for friends and family on board. A sizable forward berth adds the ability for overnighting.
