## Assault Pursuit 920

Step aboard the Assault Pursuit 920 and you're greeted with a modern European feel, eminent from the lined hardtop to the teak trim and plush pleated upholstery (option). Below the waterline, a 25° deep vee hull gives the Pursuit 920 a ride second-to-none with exceptional stability at rest and underway.

The Pursuit 920 is available in standard or Amphibious configuration with the Anura retractable three-wheel system, a convenient choice for those living close to the water.
