XP836

Gamefishers and divers - this one is for you.

Boasting a wide 2.8m beam, Southern's new star brings even greater stability to their acclaimed soft-riding hull. The XP836 can be characterised by its walkaround hardtop - the first for Southern Boats - which allows for 360° fishing. With room to comfortably fish six in the cockpit alone, no one has to miss out.

A maximum power rating of 500HP, with single or twin engine configurations, means you won't be left wanting.

SPECIFICATIONS
